

## Musical Director

The Royal Dunedin Male Choir was established in 1886 and is regarded as a Dunedin icon with an enviable reputation for delivering a much appreciated sound quality. Recent reviews have stated “outstanding delivery” and “crowd enjoys male choir in excellent voice.” This is in a large part attributable to a series of talented and dedicated Musical Directors over the years and in particular the present incumbent who has continued with dedication to uphold those traditional standards and to expand and develop the Choir’s repertoire. However retirement away from Dunedin has created the opportunity for someone with similar talents and drive to take up this role and strive for the continued excellence the Choir is recognised for today.

If this sounds like the opportunity you have been waiting for, please reply expressing your interest and including a copy of your C.V. demonstrating your experience in this field, together with supporting references to:
